FROM THE CHAIRMAN'S TABLE

I, on behalf of all my teaching and non teaching staffs of **PMPS** thank and appreciate you and your sole decisions for getting your ward admitted in the one and only complete English medium school of North East Delhi.

No doubt you would have a lot of expectations from us. At the initial stage you want your child to be a responsible citizen in respect of socially and economically, We comprehend your feelings and sentiments so well.

To come to the level of your expectation the school has highly qualified and experienced staffs having successful offers in the past several year. Our teachers are innovative and creative in their delivery. The teachers are excited about learning their subjects, They are generous and flexible to change and management provides them all trust and support in their techniques and methodologies. Name and fame would not have become so far and wide without your cooperation.

I give in the fact that to become a good and responsible citizen we have to do something extra. May God each and every body of our society become a good and respectable man !

PMPS is and out come of aspirant. I gave foundation in the loving memory of my only beloved daughter "Pushpanjali" who is now no more among us. My eyes go moisture but on the other hand, I feel proud and honored to be a guardian of so many little children. I see Pushpanjali's face in every child. Life is in the hands of "Almighty". Duty is in our hands. The best way of investing my knowledge and experience is to educate a child.

It is a well known saying "if you plan for a year plant rice, if you plan for ten years plant a tree and if you plan for hundred years educate a child and I planned for hundred years. The output is before you. This credit goes to my teacher and parents.

I have learnt a lesson from my adorable parents, do good. be honest, be cooperative and success is yours. Nothing is Impossible. Once Napoleon, who was earlier a simple army asked his men to attack the enemies. The armies told that there is a mountain on their path. Napoleon said but there is no mountain on the way. As a result he won the battle.

We have made a great effort to turn over the system of providing education. We don't suffocate the talent hidden in your ward. We nourish it to flourish because we are professionally managed. We believe in quality not in quantity. Some schools nearby are being run for the last two or two and half decades but Alas! neither a doctor nor an engineer has been produced yet. Who is responsible for all. the high trees don't cast shadow nor bear fruits. The expectation and hopes you have from us before and after the admission will come true. We take a vow your faith in us will never be shaken under any circumstances or at any cost because we know the value of your darling.

PMPS commits to fulfill your dream. I am sleepless if any one student gets downfall. My endeavor and your faith will collide all the ill will of anti who produce an obstacle in the path of progress.

Gentlemen, you have much time to understand the wrong and right I pledge to change your ward into a blossom which is given to me in the form of buds. It is not mere a word. It is my faith. I have inherited something from my adorable parents.

I wish for your cooperation and suggestion.

Let's pray! May God Pushpanjali Soul Rest in Peace !

Truly Yours

G.K. SHARMA

(Chairman and Founder) **PMPS**

From The Principal's Pen

Dear Children,

The education imparted and moral values and character instilled in you every child has the power to meet the challenge of globalization in course of time.

We have always encouraged you to fight against evils. It is our motto to make every child a good and respectable citizen.

I feel honoured to express myself and to appreciate our team spirit. Each word rendered by the chairman is itself a commitment to do the best and to be loyal towards you. We teach a lesson of interdependence rather than independence. You have the power of fulfilling the dream of your loved ones by doing your best. Follow the path of honesty discipline and have a feeling of dedication.

Wishing you God's blessing

Mrs. Sushma Sharma

(M.A., B.Ed.)

PMPS is co-ed, unaided and recognized school by directorate of Education Govt. of NCT of Delhi.

Aims And Objective of the school.....

1. To provide conducive atmosphere to tap the hidden talents of the pupils.
2. To provide physical growth emotional spiritual and character development.
3. To foster simple value of life in child.

Student's Life :-

We don't believe in corporal punishment. We instill a sense of self discipline in the children.

Students learn how to use the freedom with discipline.

A Complete English Medium School :-

Before we could reflect over the matter of establishing " An English Medium School" some, who have always been obstacles in our path made fun of our idea. But we have mania to do better than the best. We believe the work would be lucrative if it is done from the bottom of the heart. We did what we had thought. Consequently the school has become envy for others. We provide the best education. We are not among those who manage the English and Hindi Medium class in a common room. You can well imagine how can a man laugh and inflame his cheeks at a same time.

School Building and Playground :-

Though we are puppets in the hands of the Almighty yet we have got such type of building which is fully anti earth quake. The building is erected on 4000 sq. ft. having a large play ground of 3500 sq. ft. which is seldom found in the context of school in this region. It consists a play ground which is fully grassy. The mini plants of flowers around the playground add beauty and charm. If you please happen to visit the school you will find it true.

Discipline :-

Since it is a backbone of every institution. The school emphasizes on discipline among the students who themselves follow the rules with a code of conduct.

School Managing Committee :-

The school has a committee of 15 members. Among them are two Director of Education and two are Advisory Board .

Examination Committee :-

We have a group of seven members for the conduction of exams. They are masters of their subjects. Question papers are prepared by them. No concerning teachers are involved in them. They keep a watchful eyes over checking stamping, Completion of course. All these tasks go under the observation of Principal Mrs. Sushma Sharma who her self has an experience of 20 years of teaching and expert. She is awarded Sanskrit Academy. She her self takes Classes in 6th, 7th, 8th respectively.

A student is not supposed to reappear in the exam if he/she fails to appear in the exam. He/she will have to submit a medical certificate signed By MBBS or RMP.

Cultural Society :-

The members of cultural society organizes different type of activities like, tour, reciting hymns, debate, quiz contest at Zonal level. They emphasise on the development of spiritual and moral values by demonstrating Yoga and meditation.

About The Teachers :-

The school has highly qualified and experienced staffs having successfully offers in the past several years. Our teachers are creative in their delivery. The management provides them all trust and support in their techniques and methodologies. Teachers go through rigorous process before selection.

Teaching :-

The teachers are well qualified. so they prepare themselves before entering the class. The method is simple and flexible. The create an atmosphere of being at home. We do not believe in corporal punishment.

FACILITIES

Library :-

Library is the nerve system. A mirror of any institution. School library has wide range of books to meet the demand of age group to develop a reading habit. Library has a sitting arrangement where 100 of students sit together. There prevails a deep silence.

Computer :-

The school has well equipped computer lab with PCs multimedia kits. The school has Broad Band Internet Connectivity. Lab is fully air-conditioned

Sports and Games :-

A child is born to be physically active. Physical competence is the ability to play any game. Every child has usually born with some skill. Their skills can be systematically developed from a young age. School organizes games and sports from time to time to do the same.

Co-Curricular Activities :-

Co-curricular activities are meant to express ourselves. Student are encouraged to participate in various activities like, Dance, Music, arts etc. The school arranges an extra class for the same Exhibitions are also held from time to time like science Exhibition, Save Environment, Safety rules inside or outside the house.

THINK

"Some schools have been running for the two or two and half decades. Have you ever seen or met a man who is a production in the name of doctor or engineer. Tall tree neither cast shadow nor bear fruits. Who is responsible for all This ? We have tried to change the old norms of education of this area. Change your thinking Trust us. Be an aware parents and a responsible citizen because you deserve it"

Water Availability :-

The school has got water connection from different sources like. Supply water Delhi Jal Board and Underground water . The water remains cool and fresh free from any harmful germs for 24 hours.

Electricity :-

School does not know what is load shedding. It has 24 hours electric facility fully commercial connection. It has automatic generator system. No need to start it.

Medical Aid :-

We provide first medical aid within single minute. In case of major problem the school has got a written permission from the Parents/Guardians duly signed by them to get him/her admitted in any nursing home or clinic.

Security And Parking :-

The school has vast area for parking having a high wall around the school premises in order to have tight security for which four warden and watchmen have been appointed for the day.
